

This is what professional tradesmen rely on: CAS batteries for cordless construction sites.

The CAS Battery Alliance offers professional tradespeople a revolutionary, manufacturer-independent battery system that makes work significantly more efficient and flexible. With a single battery technology for over 400 different devices, tool changes are simplified, costs are reduced and productivity is increased.

Compatibility overview METABO CAS 18 V batteries

	Li-POW			Li-HD			
							
	2,0 Ah	4,0 Ah	5,2 Ah	4,0 Ah	5,5 Ah	8,0 Ah	10,0 Ah
MobileHeat 3	●	●	●	●	●	●	●
MobileHeat 5	●	●	●	●	●	●	●
MobileGlue 5011	●	●	●	●	●	●	●
Charging times							
SC 30	60 min					320 min	400 min
ASC 55	40 min					160 min	200 min
ASC 145	30 min					60 min	75 min

● Not compatible ● Only recommended to a limited extent due to the low capacity, as the running time is greatly reduced with hot air blowers.
