KNX

CE

## Function description

The professional for better conditions to learn and work in. Multisensor Aerosol KNX not only delivers reliable additional information to the building management system, such as temperature, humidity, air pressure, volatile organic compounds (VOC), CO2 concentration as well a light level. It also uses this as the basis for identifying the potential risk of infection in air and displays such as a communication object for KNX. For a healthy interior climate. Without True Presence® detection.

## Technical specifications

Dimensions (L x W x H)	33 x 123 x 123 mm	Material	Plastic
With motion detector	No	Mains power supply	30 V
Manufacturer's Warranty	5 years	Power consumption	0,5 W
Settings via	ETS software, Bluetooth, Bus	Power supply, detail	KNX bus
With remote control	No	With bus coupling	Yes
PU1, EAN	4007841079192	Technology, sensors	CO2, Photo-cell controller, Air pressure, Air humidity, Temperature, VOC
Type	Other	Optimum mounting height	2,8 m
Application, place	Indoors	Twilight setting	2 – 1000 lx
Application, room	classroom, lecture hall, one-person office, recreation room, duty room, conference room / meeting room, Indoors, kitchenette	Twilight setting TEACH	Yes
Colour	white	Constant-lighting control	No
Colour, RAL	9003	KNX functions	Risk of infection, Udes air, Comfort, CO2, Light level, HVAC output, Logic gate, Air pressure, Humidity output, Day / night function, Dewpoint, Temperature output, VOC
Includes corner wall mount	No	Interconnection	Yes
Installation site	ceiling		
Installation	Concealed wiring, Ceiling		

# Multisensor Aerosol KNX

V3.0

EAN 4007841 079192

Article number 079192

## Technical specifications

IP-rating	IP20
Ambient temperature	from 0 up to 40 °C

Interconnection via	KNX bus
Rated current	15 mA
Product category	Multisensor

## Accessories

EAN 4007841 063870

Surface-mounting adapter for Multisensor
