Function description

KNX bus power supply P1280 KNX 1280mA power supply for supplying KNX devices with bus voltage – Output with integrated choke for supplying KNX bus lines – Output DC 30 V for supplying additional devices – Nominal current can be subdivided to outputs as desired – Reset button – Short-circuit proof – Overvoltage proof – No load protection – Suitable for operation in systems with emergency power supply – Floating signal contact for operating and diagnostic message

Technical specifications

Dimensions (L x W x H)	90 x 108 x 58 mm	Ambient temperature	from -5 up to 45 °C
Manufacturer's Warranty	5 years	Mains power supply	200 – 240 V / 50 – 60 Hz
PU1, EAN	4007841085667	Power consumption	6,4 W
Colour	grey	Rated current	1280 mA
IP-rating	IP20	Product category	System components
Protection class	III
