Gateway Bluetooth-IP

white
EAN 4066236 797615
Article number 797615

Bluetooth Mesh

CE

Function description

The Bluetooth-IP Gateway acts as the central communication interface between the Bluetooth® Mesh network and the Capstone IP infrastructure. It connects all compatible Steinel devices within the Connect Mesh system, enables seamless integration with Capstone, and makes device data available via IP networks for centralised monitoring, management and control.

Technical specifications

Dimensions (L x W x H)	76 x 76 x 25 mm
Manufacturer's Warranty	5 years
Settings via	Bluetooth, App
Version	white
PU1, EAN	4066236797615
Application, place	Indoors
Application, room	stairwell, all round the building, multi-storey / underground car park, warehouse, Indoors, high-bay warehouse, open-plan office
Colour	white

Installation site	wall, ceiling
Installation	Installation
IP-rating	IP20
Ambient temperature	from 0 up to 40 °C
Power supply, detail	5VDC, Passive PoE SELV, standard PoE (IEEE 802.3 af)
Interconnection	Yes
Interconnection via	Bluetooth Mesh, LAN
Product category	System components
