## Function description

The spike light for the garden. The "Spot Garden NightAutomatic" competently sets off green spaces and blower beds around the home. Equally as attractive as it is practical, the LED spot with photo-cell controller provides 520 lm of light from a economical 7 W and can be tilted through up to 90°. The light-level sensor switches automatically switches light ON at dusk and OFF again in the morning. Includes power cord (2.5 m) and lamp.

## Technical specifications
