Function description

The new benchmark. The rugged GluePRO 300 with non-slip grip handle is comfortable to hold and has what it takes to become one of your favourite tools. This hot melt glue applicator is the key to convenient, reliable and tireless gluing work without compromising on anything. Practical stroke adjustment makes it possible to set the quantity of glue per stroke for any specific application. Warm-up time is approximately three minutes. Temperature: 190°C.

Technical specifications

Output	300 W	Heating element	Tubular heating element
Temperature	190 °C	Voltage range (min)	220 V
Warm-up time	3 min	Restart protection	Yes
Delivery rate	25 gr/min	Melt temperature	190 °C
Max. stick diameter	11.7 mm	Cord length	max.
Function, hanger	Yes	Dimensions (L x W x H)	230 x 70 x 290 mm
Soft grip	Yes	Version	Folding box
Idle mode	No	PU1, net weight	0,971 kg
Nozzle can be changed	Yes	Manufacturer's Warranty	1 year
Stroke adjustment	Yes	PU1, EAN	4007841035280
Temperature, adjustable	No	Power plug	Typ F
Temperature accuracy +/-	3 °C	Average power consumption	90 W
